Susan-

Pioneer Natural Resources has recently asked the Sigurd USG Plant for permission for St. Croix Seismic to conduct seismic 2D surveying in their quarries. I have attached the email and documents from Clark Gentry that outline his plans for oil and gas exploration in our region. Their survey line runs through a small area in the USG quarry. Clark has assured us that their work will require a maximum timeframe of two weeks and that they will not create any additional disturbance to USG's haulage pits. In addition, St. Croix would assume all responsibility for any areas that they may disturb. USG is cooperating with Pioneer Natural Resources and it looks like they could begin work early this summer. Please let me know if you have any questions.

Subject: Permit & Map

Bruce : As per our conversation here is the Map of where we intend to do seismic --The purple line is the proposed seismic line and the parcels are outlined representing your property ---I will go over map and Permit when I see you at 10:30 tomorrow Morning--Thanks again Clark --- p.s Bruce I Found one more area or line that we are doing so I have attached it to this e-mail---I will bring the big maps to go over it with you as well -- See ya tomorrow --

Respectfully,

Clark Gentry

The client is requesting your consent to conduct a Seismic Survey across your lands as generally listed herein, *and your lands adjoining or contiguous thereto*, for the purpose of **Oil and Gas Exploration**. Our operations will include 2D shothole / vibroseis. The contractor and /or its contractors, subcontractors, agents or assigns conducting this Seismic Survey will be fully qualified and all required regulatory permits will be obtained. The properties that are owned or leased by you are located and described as follows:

Sec.-Twp-Rng: 33-22S-R1W, 34-22S-R1W, 28-22S-R1W, 29-22S-R1W

Tax ID/Serial #(s): 4-106-6, 4-106-7, 4-106-8, 4-106-5, 4-107-1

County: Sevier

State: Utah

Surface Tenant: _____

We shall compensate you for all damages over and above normal wear and tear that occurred as a result of this operation. It shall be your responsibility to accompany us to inspect the above described lands, upon the completion of the operations, to establish and agree on compensation for damages. A signed release will be required before any damage payment will be made.

We agree to conduct our operations professionally and with integrity, and in accordance with acceptable industry standards. We shall **indemnify and hold you harmless** from any and all liability, claims and damages that may be a direct result of our operations by virtue of your consent granted herein. This permit is for a term of two year from the date of acceptance and is binding on successors, heirs or assigns. Please acknowledge your consent to **enter upon your lands and or minerals** for such purposes by signing below.
